AQUA LOGIC

Pool & Spa Automation

**THE LOGICAL SOLUTION
FOR PURE SWIMMING PLEASURE**

Reliable Pool / Spa Automation!

Automates All Pool & Spa Functions - Pumps, Lights, Heaters & Water Features - Truly Cost Effective Automation

Automation

The Aqua Logic makes owning a pool and/or spa fun, easy and healthy - with convenient automation. The pool's filtration is programmed to work everyday at your desired levels, longer hours on weekends, shorter on weekdays, the choice is yours. Program the pool heater, gas or electric, and solar if needed, to get the temperature you want, when you want! Spa jets on, spa jets off, pool lights on or off, you are in control the smart way with Aqua Logic. At the touch of a button or the ease of a predetermined program the choice is yours, the choice is Aqua Logic.

Controls Automatically

That's right, once you set the Aqua Logic, all your pool/spa functions and features will operate automatically. Imagine enjoying years of swimming pleasure with everything operating at the touch of a button. Just set to suit your preferences and you get just the right environment you want-Logically. That's Aqua Logically!

Aqua Logic - See it & Try it.

Like tens of thousands of satisfied pool owners, you'll agree - your pool never looked so good, and the water never felt so good! Pure swimming pleasure. The Aqua Logic is truly "The Clear Solution to Automation" for today's pools and spas.

Optional Sanitization

The Aqua Logic system can also automatically generates its own chlorine from a small amount of ordinary table salt, dissolved in your pool water, to create 100% of your pools sanitization needs. A teaspoon of salt per gallon of water is all it takes to adjust your pool to work with Aqua Logic. Salt that doesn't wear out or evaporate, its just used over and over again. Day in - Day out, you have fresh, pure chlorine introduced throughout your swimming pool and/or spa from this common table salt. The Aqua Logic's soft, silky smooth water is perfect for all pools and spas up to 40,000 gallons, plaster, pebble, vinyl, or fiberglass!

Turbo Cell - The Secret of Controlled Chlorination

- Unique offset design amplifies chlorine production & efficiency
- Turbulent flow pattern ensures peak performance

Outstanding Quality

- Microprocessor Based Control System for Pool / Spa Automation
- Timed Control of Filtering, Heat, Lights and Water Features
- Single Unit for 120VAC/240VAC with subpanel circuit breaker
- Optional Full Function Remotes
